

Making the most of your membership to meet the requirements of the FORS Standard

- Free [Going for Bronze](#) workshop specifically designed for registered operators to guide you through the process from registration to Bronze accreditation.
- Free [An introduction to FORS](#) webinar designed to help you understand the basics of the scheme and how it works. It will also include information such as who runs the scheme, how FORS is governed and the benefits for operators.
- Free [Practitioner workshops](#) designed not only to support you in your role, but also to help you meet the requirements of the FORS Standard.
- Free [Going for Silver and Gold workshop](#) designed to support organisations looking to progress to FORS Silver and/or Gold.
- Access to many [funded training courses](#), free to FORS operators, aimed to help you with running your operation and gaining/maintaining your accreditation.
- Access to [eLearning](#) designed to offer drivers and managers concise, accessible training.
- Access to [toolkits and Toolbox Talks](#) to improve skill levels and performance across your organisation.
- Access to [FORS approved courses](#) – these refer to the risks vulnerable road users are exposed to and help operators fulfil their training requirements.
- Access to a range of [exclusive benefits and discounts](#) to help you meet the requirements of the FORS Standard.
- Entitlement to preferential rates for using the [FORS driver licence checking service](#). This service, offered in partnership with Licence Bureau Ltd, is designed to help you meet FORS Standard requirement D1 (Licensing and qualifications).
- Access to industry news via the FORS eNews – sent to primary and secondary contacts. Let us know if you would like anyone else added.
- Access to regular updates and news - follow us on Twitter (@FORS_online) and LinkedIn (FORS – Fleet Operator Recognition Scheme) for regular updates.
